"Round Tower" Products, made in the Gaeltacht, include Hand-woven Tweeds, Knitwear, Crochet and Embroidery. The products of these Gaeltacht Industries are marketed by Gaeltarra Eireann (a distributing depot controlled by the Department of Lands) under the famous "Round Tower" Trademark. The design, finish, quality and durability of "Round Tower" garments have won for them a foremost place amongst national products. Gaeltarra Eireann does not sell directly to the public, but tweeds and knitwear marketed under its trademark may be obtained in a wide variety of design from leading traders everywhere. The trade is cordially invited to visit the Show-rooms at 22, Westmoreland Street, Dublin, or in London at 430 Mansion House Chambers, 11 Queen Victoria Street, London, E.C. 4. The Gascoigne "Auto Releaser" Milking Plant. The advantages of the fixed or separate milking shed system have become so apparent since Gascoigne introduced the "Auto Recorder" in 1934, that non-recording farmers are now demanding a milking plant which gives similar advantages without the necessity of the recording apparatus: in other words, a straight Releaser where the milk passes straight from Cow to Dairy, and the machine that does this is the "Auto Release."
