THE BULL

*IS HALF
THE HERD*

To improve the cattle throughout the country, and particularly the Dairy Herds, the use of a Pedigree Shorthorn Bull is essential.

Only a Shorthorn Bull can reproduce the breeding stock which we must have in this country to replace the hundreds of thousands of cattle exported every year.

GLASSES FOR COMFORT

To day, correct glasses not only help writers to see clearly. They help wearers to see comfortably. "Nerves," tongue, irritability, headaches, inability to concentrate properly for any length of time—all these things are common results of eye-strain. The sight may be passably good. But the strain to see sets up discomfort.

Glasses that enable you to see without strain remove the cause of discomfort. You see easily as well as clearly. To enjoy ease of seeing, consult—

CLASS 16

ROYAL DUBLIN SOCIETY'S PREMIUMS FOR MARES

The Society offers Seven Premiums, each value £16, to Farmers who present a suitable mare (not thoroughbred) 7 years old or under, before a Judge approved by the Society who shall certify that the mare is likely to produce a high-class Hunter.

The Premium will not be payable until a Certificate has been received from a Veterinary Surgeon (appointed by the Society) that the mare has had a living foal, by a Licensed Thoroughbred Stallion, within 12 months from the date of the Show, such stallion to be approved by the Royal Dublin Society. A Certificate by the Stallion owner that the mare, as been so covered must be produced to the Judge at the Show.

The Royal Dublin Society must be notified by the Owner immediately a Premium-winning mare foals, so that the necessary Veterinary Inspection may be arranged. If the conditions are fulfilled, the premium will be paid to the person who is the Owner of the mare at the time of the adjudication.

This Scheme is confined to Farmers who are defined as persons deriving their principal means of livelihood from farming. Not more than one Premium will be awarded to any one mare or any one Farmer in any year.

SWORDS INTO PLOWSHARES

THE conversion of the tractor manufacturing industry's factories from war-time to full peace-time production has been disappointingly slow. And the supply of new tractors and implements is still very short of the demand.

But our suppliers are gradually overcoming their difficulties, and we hope in due course to have tractors and implements in adequate numbers.

Meanwhile we assure our customers that both we and the manufacturers whom we represent are doing everything possible to meet present needs. Our stocks of spare parts are now larger than ever, and we invite enquiries from users of tractors of all popular makes.

We look forward to meeting old friends and new on STAND No. 73, MACHINERY PARK.
